

KYLIN Linux Advanced Server V10 Disclaimer

Dear KYLIN operating system users:

If you are using an unauthorized trial version of "KYLIN Linux Advanced Server V10" currently, the operating system provides a twelve-month trial period by default (calculated from the time when the installation begins). During the trial period, the system cannot be used for any commercial purpose or production environment, and KylinSoft Corporation will not provide any formal after-sales services. Please do not store important documents on the trial version, and we will not be responsible for your loss caused by this.

If you want to activate the system or get professional technical service, please purchase formal authorization of "KYLIN Linux Advanced Server V10", you can contact: 400-089-1870.
